The Grounds

The home sits in large grounds with lawned areas, pathways and flower beds. There are landscaped areas that can be easily accessed and include various seating areas.

There is a Memorial Garden that has been formed in memory of residents that have resided at the home but are sadly no longer with us.

A further area to take a breath of fresh air is on the roof garden. This offers spectacular vistas over the Solent and is tastefully arranged with seating areas, oriental ornaments and plants.
